## I. OVERVIEW

Developed by a nonprofit corporation, Visit San Luis Obispo County (VSLOC), the San Luis Obispo County Tourism Marketing District (SLOCTMD) is an assessment district proposed to provide specific benefits to payors, by funding marketing, advertising, promotions, and sales efforts for assessed businesses. Each of the jurisdictions within the Tourism Marketing District (TMD) has benefitted for several years from local districts funding local marketing. This county-wide TMD is a new, cooperative effort to collectively market all that the County has to offer for the benefit of assessed lodging businesses.

- Location:** The proposed SLOCTMD includes all lodging businesses located within the boundaries of the cities of Arroyo Grande, Atascadero, Grover Beach, Morro Bay, Paso Robles, Pismo Beach, and San Luis Obispo, and the unincorporated portions of the County of San Luis Obispo.
- Services:** The SLOCTMD is designed to provide specific benefits directly to payors by increasing room night sales. Marketing, sales, promotions, and advertising will increase overnight tourism and market payors as tourist, meeting, and event destinations, thereby increasing room night sales.
- Budget:** The total SLOCTMD annual budget for the initial year of its five (5) year operation is anticipated to be approximately \$2,800,000. This budget is expected to fluctuate as room sales do, but is not expected to significantly change over the SLOCTMD's term.
- Cost:** The annual assessment rate is one percent (1%) of gross short-term (stays 30 or fewer consecutive days) room rental revenue. Based on the benefit received, assessments will not be collected on certain stays as described in Section V.
- Duration:** The proposed SLOCTMD will have a five (5)-year life. The SLOCTMD assessment will be implemented beginning ~~May-July~~ 1, 2015 through ~~April-June~~ 30, 2020. Once per year beginning on the anniversary of the formation of the district there is a 30-day period in which owners paying more than 50% of the assessment may protest and initiate a Board of Supervisors hearing on district termination.
- Management:** Visit San Luis Obispo County (VSLOC) is the nonprofit corporation which will serve as the SLOCTMD's Owners' Association. As the Owners' Association, VSLOC is responsible for managing funds and implementing programs in accordance with this Plan. The VSLOC Board of Directors and staff will be responsible for day-to-day program management and direction, within the guidelines set by this Plan. On an annual basis, VSLOC must provide a report on TMD activities and expenditures to the Board of Supervisors.

## II. IMPETUS

For many years, lodging businesses throughout San Luis Obispo County have been served by individual tourism business improvement districts. While those TIDs have been successful in their mission of increasing ~~room night~~lodging sales locally, there is still opportunity for businesses to benefit from county-wide efforts.

The proposed SLOCTMD is an opportunity for lodging business from throughout the County to come together and engage in joint marketing, advertising, sales, and promotional efforts. This joint effort will help foster collaboration and ensure TMD dollars are spent in the most streamlined manner possible. It will aim to establish San Luis Obispo County as a premiere Central Coast tourism destination and a leader in the California tourism community. Programs will increase lodging business revenue by positioning, branding, and promoting San Luis Obispo County as a preferred destination for regional, national, and global overnight visitors.

The bottom-line purpose of the proposed SLOCTMD is two-fold: to put more heads in beds, and to increase the average daily rate charged for those beds. To that end, the programs to be funded by the SLOCTMD will have two specific goals: to increase demand for and revenue from ~~room night~~lodging sales, and to increase awareness of San Luis Obispo County as an overnight destination (which increased awareness will ultimately lead to further ~~lodgingroom night~~ sales and revenue). The district will also work to increase the average stay-length; thereby increasing ~~room night~~lodging sales.

In order to increase ~~room night~~lodging sales and revenue, the proposed programs also have a series of three objectives. The first is to expand the San Luis Obispo County brand to accelerate the destination's competitiveness in California, reach new domestic markets, and build upon key international marketing to bolster overnight room sales and revenue. The second is to manage the Visit San Luis Obispo County brand platform and lead integration of a county-wide strategic plan working in concert with partners to reduce duplication of programming, increase efficiency, and maximize effectiveness of resources to increase overall reach. The final is to create industry resources (research, education, communication, etc.) backed by current data specific to San Luis Obispo County to increase competitiveness against other destinations, and to leverage existing research to extrapolate county-specific information and identify key data points needed to support ~~room night~~lodging sales.

### III. BACKGROUND

TMDs are an evolution of the traditional Business Improvement District. The first TMD was formed in West Hollywood, California in 1989. Since then, over eighty California destinations have followed suit. In recent years, other states have begun adopting the California model – Washington, Montana, and Texas have adopted TMD laws. Several other states are in the process of adopting their own legislation. And, some cities, like Portland, Oregon, have utilized their charter powers to

create TMDs without a state law.

California's TMDs collectively raise over \$150 million for local destination marketing. With competitors raising their budgets, and increasing rivalry for visitor dollars, it is important that the San Luis Obispo County lodging businesses invest in stable, lodging-specific marketing programs.

TMDs utilize the efficiencies of private sector operation in the market-based promotion of tourism districts. TMDs allow

lodging business owners to organize their efforts to increase room night sales. Lodging business owners within the TMD pay an assessment and those funds are used to provide services that increase room night sales.

In California, TMDs are formed pursuant to the Property and Improvement District Law of 1994. This law allows for the creation of a special benefit assessment district to raise funds within a specific geographic area. *The key difference between TMDs and other special benefit assessment districts is that funds raised are returned to the private non-profit corporation governing the district.*

There are many benefits to TMD:

- Funds must be spent on services and improvements that provide a specific and special benefit only to those who pay;
- Funds cannot be diverted to general government programs;
- They are customized to fit the needs of payors in each destination;
- They allow for a wide range of services;
- They are ***designed, created and governed by those who will pay*** the assessment; and
- They provide a stable funding source for tourism promotion.

#### IV. BOUNDARY

The SLOCTMD will include all lodging businesses, existing and in the future, available for public occupancy within the boundaries of the cities of Arroyo Grande, Atascadero, Grover Beach, Morro Bay, Paso Robles, Pismo Beach, and San Luis Obispo, and the unincorporated portions of the County of San Luis Obispo. As used herein the term “lodging business” means all businesses which pay transient occupancy tax in each respective jurisdiction.

The boundary, as shown in the map below, currently includes 1,321 lodging businesses. A complete listing of lodging businesses within the proposed SLOCTMD can be found in Appendix 2.

## V. BUDGET AND SERVICES

### A. Annual Service Plan

Assessment funds will be spent to provide specific benefits conferred or privileges granted directly to the payors that are not provided to those not charged, and which do not exceed the reasonable cost to the County of conferring the benefits or granting the privileges. The privileges and services provided with the SLOCTMD funds are sales, marketing, advertising, and promotional programs available only to assessed businesses.

A service plan budget has been developed to deliver services that benefit businesses throughout the District. A detailed annual budget will be developed and approved by the Owners' Association. The table here illustrates the initial annual budget allocations. In the event of a lawsuit against the SLOCTMD, any and all assessment funds may be used for the costs of defending the District.

Although actual revenues will fluctuate due to market conditions, the proportional allocations of the budget shall remain the same. However, the County and the VSLOC board shall have the authority to adjust budget allocations between the categories by no more than fifteen percent (15%) per year. All staffing costs (including salary and benefits) shall be based on the industry standard for comparable positions in San Luis Obispo and similar markets. A description of the proposed improvements and activities for the initial year of operation is below. The same activities are proposed for subsequent years.

#### Advertising & Promotions

Advertising and promotions efforts will be designed to increase awareness of assessed businesses as overnight destinations.

- Seasonal and event-related promotions and event guides to drive ~~room night~~lodging sales

- Digital media advertisement and promotions, including social media
- Staff engaged in implementing advertising and promotions activities
- Development and production of a visitors' guide featuring assessed businesses
- Radio, print and tv advertising featuring assessed businesses

### Sales

Sales efforts will be designed to attract group, leisure travel, and event business to San Luis Obispo County.

- Consumer communication for the benefit of assessed businesses
- Working with the Film Commission to increase ~~room night~~lodging sales
- Staff engaged in sales activities
- Attendance of conferences, events, and trade shows to showcase assessed businesses
- Sales missions to increase ~~room night~~lodging sales

### Marketing

Marketing efforts will be designed to market assessed businesses to potential customers and raise awareness of assessed lodging businesses as overnight destinations.

- Strategic alliances with travel associates to benefit assessed businesses
- Brand development and management to attract overnight visitors
- Media and public relations to showcase assessed businesses
- Strategic planning and message positioning to attract overnight visitors
- Development of a media kit to showcase assessed businesses
- Creation of a resource library to assist in sales and marketing efforts
- Staff engaged in marketing activities
- Website development and maintenance to drive ~~room night~~lodging sales
- Digital marketing to drive ~~room night~~lodging sales, including blogs, e-newsletters, social media and direct response campaigns
- Event marketing to drive ~~room night~~lodging sales

### Administration and Research

The administrative and operations portion of the budget, which is eleven percent (11%), shall be utilized for administrative (non-program) staffing costs, office costs, and other general program-related administrative costs such as insurance, legal, auditing, and accounting fees. Research on market conditions and opportunities may also be conducted as part of the administration programs.

### Collection Costs

The County and each City shall retain a fee not to exceed two percent (2%) of the amount collected in their respective jurisdictions to cover the costs of collecting and forwarding the assessment.

### Contingency/Renewal

A prudent portion of the budget will be set aside in a contingency fund, to be used for lower than anticipated collections and unforeseeable costs in carrying out the programs. If at the expiration of the District there are contingency funds remaining, and business owners wish to renew the District, the remaining contingency funds may be used for renewal costs.

## B. Determination of Specific Benefit

State law requires that assessment funds be expended on specific benefits conferred directly to the payors that are not provided to those not charged, and which do not exceed the reasonable cost to the County of conferring the benefits. The services in this Management District Plan are designed to provide targeted benefits directly to assessed lodging businesses. These services are tailored not to serve the general public, but rather to serve the specific lodging businesses within the District, e.g., the proposed activities are specifically targeted to increase ~~room night~~ sales for assessed lodging businesses within the boundaries of the District, and are narrowly tailored. SLOCTMD funds will be used exclusively to provide the specific benefit of increased ~~room night~~ lodging sales directly to the assessees. For example, non-assessed businesses will not be featured in SLOCTMD programs and will not receive sales leads from them. The activities paid for from assessment revenues are business services constituting and providing specific benefits to the assessed businesses. The legislature has found that, "A specific benefit is not excluded from classification as a 'specific benefit' merely because an indirect benefit to a nonpayor occurs incidentally and without cost to the payor as a consequence of providing the specific benefit to the payor."<sup>1</sup> Further, to the extent that the District's programs generate a benefit for non-assessed business, that portion of those programs shall be paid for with non-assessment funding.

Further, the assessment may be utilized to provide specific government services directly to the payors that are not provided to those not charged, and which do not exceed the reasonable costs to the County of providing the services. In the context of assessment districts, the legislature has recognized that marketing and sales programs like those to be provided by the SLOCTMD are government services. The amount of the assessment is no more than necessary to cover the reasonable costs of the proposed activities, and the manner in which the costs are allocated to a business owner bear a fair share or reasonable relationship to the businesses' benefits received from the proposed activities.

District services will be implemented carefully to ensure they do not exceed the reasonable cost of such services. Funds will be managed by the Owners' Association, and reports submitted on an annual basis to the County. Only assessed businesses will be featured in marketing materials, receive sales leads generated from district-funded activities, be featured in advertising campaigns, and benefit from other district-funded services. Non-assessed businesses will not receive these, nor any other, district-funded services and benefits.

## C. Assessment

The annual assessment rate is one percent (1%) of gross short-term (stays 30 or fewer consecutive days) room rental revenue. Based on the benefit received, assessments will not be collected on the following stays:

1. Stays of more than thirty (30) consecutive days;
2. Stays by any officer or employee of a foreign government who is exempt from Transient Occupancy Taxes by reason of express provision of federal law or international treaty;
3. Employees of Federal Credit Unions while on official credit union business; and
4. Stays pursuant to contracts executed prior to January 1, 2015.

The term "gross room rental revenue" as used herein means the consideration charged, whether or not received, for the occupancy of space in a hotel-lodging business valued in money, whether to be

---

<sup>1</sup> Government Code section 53758(a)

received in money, goods, labor or otherwise, including all receipts, cash, credits, and property and services of any kind or nature, without deduction. Gross room rental revenue shall not include any federal, state or local taxes collected, including but not limited to transient occupancy taxes. Any other charges shall be considered gross room rental revenue only in accordance with the local transient occupancy tax.

The amount of assessment, if passed on to each transient, shall be disclosed in advance and separately stated from the amount of rent charged and any other applicable taxes, and each transient shall receive a receipt for payment from the business. The assessment shall be disclosed as the "TMD Assessment." The assessment shall not be considered revenue for any purposes, including calculation of transient occupancy taxes.

Bonds will not be issued.

#### **D. Penalties and Interest**

1. Any business which fails to remit the assessment within the time required shall pay a penalty of ten percent of the amount of the assessment in addition to the amount of the assessment.
2. Any business which fails to remit any delinquent remittance on or before a period of thirty days following the date on which the remittance first became delinquent shall pay a second delinquency penalty of ten percent of the amount of the assessment in addition to the amount of the assessment and the ten percent penalty first imposed.
3. If it is determined that nonpayment of any remittance is due to fraud, a penalty of twenty-five percent of the amount of the assessment shall be added thereto in addition to the above penalties.
4. In addition to the penalties imposed, any business which fails to remit any assessment shall pay interest at the rate of one-half of one percent per month or fraction thereof on the amount of the assessment, exclusive of penalties, from the date on which the assessment first became delinquent until paid.
5. Every penalty imposed and such interest as accrues shall become part of the assessment required to be paid.

#### **E. Time and Manner for Collecting Assessments**

The SLOCTMD assessment will be implemented beginning May-July 1, 2015 and will continue for five (5) years through April-June 30, 2020. The County and each City will be responsible for collecting the assessment from lodging businesses within their respective jurisdictions on a monthly or quarterly basis (including any delinquencies, penalties and interest). The County and cities shall take all reasonable efforts to collect the assessments from each lodging business. The County and each City shall forward the assessments collected, within thirty (30) days of receipt, to the Owners' Association.

#### **F. Annual Budget**

The total five year improvement and service plan budget is projected at approximately \$2,800,000 annually, or \$14,000,000 through 2020. This amount may fluctuate as sales and revenue increase at assessed businesses, but is not expected to change significantly over the SLOCTMD's term.

## VI. GOVERNANCE

### A. Owners' Association

The Owners' Association is a nonprofit corporation under contract with the County to manage TMD funds and implement TMD programs. Visit San Luis Obispo County is the nonprofit corporation which will serve as the Owners' Association for the SLOCTMD.

### Board of Directors

VSLOC shall have a fifteen-member Board of Directors. The Board will strive to ensure that each jurisdiction is represented in approximate proportion to the amount contributed by lodging businesses in that jurisdiction. Each Director must be a representative of an assessed lodging business, except for the County representative. The Nominating Committee will recommend a slate to the Board of Directors that ensures diversity of geography and takes into consideration assessment contribution. The Directors will include the following:

- At least one representative of a lodging business in each jurisdiction
- One representative each from a vacation rental, a bed and breakfast, and an R.V. park
- One representative who is appointed by the County of San Luis Obispo
- Three at-large members
- 

The Board of Directors shall be selected as follows:

- One lodging business representative from each of the cities shall be appointed by the respective ~~jurisdiction~~ jurisdiction's city council or tourism organization, as each city determines
- One lodging business representative shall be appointed by the County Board of Supervisors
- One additional representative at-large shall be appointed by the County Board of Supervisors
- Nominations shall be sought from the assessed lodging businesses for the remaining six seats. Nominations will be verified by the nominating committee, and a slate provided to the Board of Directors for election. The slate will take into consideration the requirement for various business types.

The Board of Directors shall serve for staggered three-year terms. The initial Board shall serve for terms of one, two, or three years. At the initial meeting, each director shall draw lots to determine their term. Approximately one-third of the initial board shall serve a one-year term, one-third for a two-year term, and one-third for a three-year term.

As part of the annual budget process, the VSLOC Board will review all staffing costs, including salaries and benefits.

VSLOC will also create two new committees that will assist in managing and implementing the TMD funds and programs and communicating with the various jurisdictions.

### Marketing Committee

The marketing committee's purpose will be to align marketing objectives and complementary strategies between community and county tourism marketing programming to optimize collaboration and reduce duplication. The committee will consist of 13-18 destination managers and

Formatted: Bulleted + Level: 1 + Aligned at: 0.25" + Indent at: 0.5"

marketing professionals who have been selected through an application process that is managed and reviewed by the VSLOC Board of Directors and staff. The committee's recommendations will be submitted to the VSLOC Board of Directors for approval.

#### **Advisory Committee**

An advisory committee will be formed. The advisory committee will be comprised of 10-20 elected officials and city managers, who will participate in semi-annual meetings and liaise back to the communities they represent with programming updates and overall metrics demonstrating the impacts of the TMD on the County and cities. Each participating community will determine its representative(s) to the committee.

#### **B. Brown Act and California Public Records Act Compliance**

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association is considered a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the VSLOC board and certain committees, including standing committees and committees that include a majority of the members of the board, must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act. Accordingly, the Owners' Association shall publicly report any action taken and the vote or abstention on that action of each member present for the action.

#### **C. Annual Report**

VSLOC shall present an annual report at the end of each year of operation to the Board of Supervisors pursuant to Streets and Highways Code §36650. The report will include:

1. Any proposed changes in the boundaries of district or in any benefit zones or classification of businesses within the district.
2. The improvements and activities to be provided for that fiscal year.
3. An estimate of the cost of providing the improvements and the activities for that fiscal year.
4. The method and basis of levying the assessment in sufficient detail to allow each business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her business for that fiscal year.
5. The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
6. The amount of any contributions to be made from sources other than assessments levied pursuant to this part.

#### **D. Audits and Accounting**

The County of San Luis Obispo shall be allowed to review the financial records of VSLOC relative to the SLOCTMD. VSLOC shall engage either an independent certified public accountant or the County auditor-controller to conduct annual audits. The audit report must be submitted to the County no more than six (6) months after the fiscal year ends.

## APPENDIX 1 – LAW

### Property And Business Improvement District Law of 1994

*Cal Sts & Hy Code Div. 18, Pt. 7 Note (2015)*

\*\*\* This document is current through the 2015 Supplement \*\*\*  
(All 2014 legislation)

#### 36600. Citation of part

This part shall be known and may be cited as the “Property and Business Improvement District Law of 1994.”

#### 36601. Legislative findings and declarations

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state’s communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or businesses in a business district are not taxes for the general benefit of a city, even if property or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.

(2) Job creation.

(3) Business attraction.

(4) Business retention.

(5) Economic growth.

(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature’s guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those

special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.

(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

#### **36602. Purpose of part**

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

#### **36603. Preemption of authority or charter city to adopt ordinances levying assessments**

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

#### **36603.5. Part prevails over conflicting provisions**

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

#### **36604. Severability**

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

#### **36606. “Activities”**

“Activities” means, but is not limited to, all of the following that benefit businesses or real property in the district:

- (a) Promotion of public events.
- (b) Furnishing of music in any public place.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
- (f) Other services provided for the purpose of conferring special benefit upon assessed businesses and real property located in the district.

#### **36606.5. “Assessment”**

“Assessment” means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

#### **36607. “Business”**

“Business” means all types of businesses and includes financial institutions and professions.

### **36608. “City”**

“City” means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

### **36609. “City council”**

“City council” means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

### **36609.4. “Clerk”**

“Clerk” means the clerk of the legislative body.

### **36609.5. “General benefit”**

“General benefit” means, for purposes of a property-based district, any benefit that is not a “special benefit” as defined in Section 36615.5.

### **36610. “Improvement”**

“Improvement” means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

- (a) Parking facilities.
- (b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
- (c) Trash receptacles and public restrooms.
- (d) Lighting and heating facilities.
- (e) Decorations.
- (f) Parks.
- (g) Fountains.
- (h) Planting areas.
- (i) Closing, opening, widening, or narrowing of existing streets.
- (j) Facilities or equipment, or both, to enhance security of persons and property within the area.
- (k) Ramps, sidewalks, plazas, and pedestrian malls.
- (l) Rehabilitation or removal of existing structures.

### **36611. “Management district plan”; “Plan”**

“Management district plan” or “plan” means a proposal as defined in Section 36622.

### **36612. “Owners’ Association”**

“Owners’ association” means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners’ association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners’ association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners’ association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

#### **36614. “Property”**

“Property” means real property situated within a district.

#### **36614.5. “Property and business improvement district”; “District”**

“Property and business improvement district,” or “district,” means a property and business improvement district established pursuant to this part.

#### **36614.6. “Property-based assessment”**

“Property-based assessment” means any assessment made pursuant to this part upon real property.

#### **36614.7. “Property-based district”**

“Property-based district” means any district in which a city levies a property-based assessment.

#### **36615. “Property owner”; “Business owner”; “Owner”**

“Property owner” means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. “Business owner” means any person recognized by the city as the owner of the business. “Owner” means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

#### **36615.5. “Special benefit”**

“Special benefit” means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

#### **36616. “Tenant”**

“Tenant” means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

#### **36617. Alternative method of financing certain improvements and activities; Effect on other provisions**

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

#### **36620. Establishment of property and business improvement district**

A property and business improvement district may be established as provided in this chapter.

### **36620.5. Requirement of consent of city council**

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

### **36621. Initiation of proceedings: Petition of property or business owners in proposed district**

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

(1) A map showing the boundaries of the district.

(2) Information specifying where the complete management district plan can be obtained.

(3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

### **36622. Contents of management district plan**

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

- (e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.
- (f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.
- (g) The time and manner of collecting the assessments.
- (h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.
- (i) The proposed time for implementation and completion of the management district plan.
- (j) Any proposed rules and regulations to be applicable to the district.
- (k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.
- (2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.
- (l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.
- (m) In a property-based district, the total amount of general benefits, if any.
- (n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.
- (o) Any other item or matter required to be incorporated therein by the city council.

### **36623. Procedure to levy assessment**

- (a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.
- (b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the

proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

#### **36624. Changes to proposed assessments**

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

#### **36625. Resolution of formation**

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

#### **36626. Resolution establishing district**

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

#### **36627. Notice and assessment diagram**

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk of the city shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

#### **36628. Establishment of separate benefit zones within district; Categories of businesses**

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

#### **36628.5. Assessments on businesses or property owners**

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

#### **36629. Provisions and procedures applicable to benefit zones and business categories**

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

#### **36630. Expiration of district; Creation of new district**

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

#### **36631. Time and manner of collection of assessment; Delinquent payments**

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

#### **36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property**

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.  
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

**36633. Time for contesting validity of assessment**

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

**36634. Service contracts authorized to establish levels of city services**

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

**36635. Request to modify management district plan**

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

**36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention; Modification of improvements and activities by adoption of resolution after public hearing**

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:

(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.

(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

**36637. Reflection of modification in notices recorded and maps**

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

**36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments**

(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of

debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

#### **36650. Report by owners' association: Approval or modification by city council**

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.

(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.

(2) The improvements, maintenance, and activities to be provided for that fiscal year.

(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.

(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.

(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.

(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

#### **36651. Designation of owners' association to provide improvements and activities**

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

#### **36660. Renewal of district: Transfer or refund of remaining revenues: District term limit**

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.

(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.

(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

#### **36670. Circumstances permitting disestablishment of district: Procedure**

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the area who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

**36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district**

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.

(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

*Cal Sts & Hy Code § 36600 (2013)*

*\*\*\* This document is current through the 2013 Supplement \*\*\*  
(All 2012 legislation, 2012 Governor's Reorg. Plan No. 2 and all  
propositions approved by the electorate at the June and November 2012 elections)*

**§ 36600. Citation of part**

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

**§ 36601. Legislative findings and declarations**

The Legislature finds and declares all of the following:

~~(a) Businesses located and operating within the business districts of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.~~

~~(b) It is in the public interest to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts.~~

~~(c) It is of particular local benefit to allow cities to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that benefits from those improvements.~~

~~(d) Assessments levied for the purpose of providing improvements and promoting activities that benefit real property or businesses are not taxes for the general benefit of a city, but are assessments for the improvements and activities which confer special benefits upon the real property or businesses for which the improvements and activities are provided.~~

#### **~~§ 36602. Purpose of part~~**

~~The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within a business improvement area. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.~~

#### **~~§ 36603. Preemption of authority or charter city to adopt ordinances levying assessments~~**

~~Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).~~

#### **~~§ 36603.5. Part prevails over conflicting provisions~~**

~~Any provision in this part that conflicts with any other provision of law shall prevail over the other provision of law.~~

#### **~~§ 36604. Severability~~**

~~This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.~~

#### **~~§ 36605. [Section repealed 2001.]~~**

#### **~~§ 36606. "Assessment"~~**

~~"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and promoting activities which will benefit the properties or businesses located within a property and business improvement district.~~

#### **~~§ 36607. "Business"~~**

~~"Business" means all types of businesses and includes financial institutions and professions.~~

#### **~~§ 36608. "City"~~**

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with *Section 6500*) of *Chapter 5* of *Division 7* of *Title 1* of the *Government Code*, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

**~~§ 36609. "City council"~~**

~~"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.~~

**~~§ 36610. "Improvement"~~**

~~"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:~~

- ~~(a) Parking facilities;~~
- ~~(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs;~~
- ~~(c) Trash receptacles and public restrooms;~~
- ~~(d) Lighting and heating facilities;~~
- ~~(e) Decorations;~~
- ~~(f) Parks;~~
- ~~(g) Fountains;~~
- ~~(h) Planting areas;~~
- ~~(i) Closing, opening, widening, or narrowing of existing streets;~~
- ~~(j) Facilities or equipment, or both, to enhance security of persons and property within the area;~~
- ~~(k) Ramps, sidewalks, plazas, and pedestrian malls;~~
- ~~(l) Rehabilitation or removal of existing structures;~~

**~~§ 36611. "Property and business improvement district"; "District"~~**

~~"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.~~

**~~§ 36612. "Property"~~**

~~"Property" means real property situated within a district.~~

**~~§ 36613. "Activities"~~**

~~"Activities" means, but is not limited to, all of the following:~~

- ~~(a) Promotion of public events which benefit businesses or real property in the district;~~
- ~~(b) Furnishing of music in any public place within the district;~~
- ~~(c) Promotion of tourism within the district;~~
- ~~(d) Marketing and economic development, including retail retention and recruitment.~~

~~(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.~~

~~(f) Activities which benefit businesses and real property located in the district.~~

#### **~~§ 36614. "Management district plan"; "Plan"~~**

~~"Management district plan" or "plan" means a proposal as defined in Section 36622.~~

#### **~~§ 36614.5. "Owners' association"~~**

~~"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement activities and improvements specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with *Section 54950*) of Part 4 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with *Section 6250*) of Division 7 of Title 1 of the Government Code), for all documents relating to activities of the district.~~

#### **~~§ 36615. "Property owner"; "Business owner"; "Owner"~~**

~~"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.~~

#### **~~§ 36616. "Tenant"~~**

~~"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.~~

#### **~~§ 36617. Alternate method of financing certain improvements and activities; Effect on other provisions~~**

~~This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with *Section 36500*) of this division) is valid and effective and is unaffected by this part.~~

#### **~~§ 36620. Establishment of property and business improvement district~~**

~~A property and business improvement district may be established as provided in this chapter.~~

**§ 36620.5. Requirement of consent of city council**

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

**§ 36621. Initiation of proceedings; Petition of property or business owners in proposed district**

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

- (1) A map showing the boundaries of the district.
- (2) Information specifying where the complete management district plan can be obtained.
- (3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

**§ 36622. Contents of management district plan**

The management district plan shall contain all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

~~(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected lands and businesses included. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.~~

~~(d) The improvements and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements and activities proposed for each year of operation are the same, a description of the first year's proposed improvements and activities and a statement that the same improvements and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.~~

~~(e) The total annual amount proposed to be expended for improvements, maintenance and operations, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.~~

~~(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.~~

~~(g) The time and manner of collecting the assessments.~~

~~(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.~~

~~(i) The proposed time for implementation and completion of the management district plan.~~

~~(j) Any proposed rules and regulations to be applicable to the district.~~

~~(k) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof, including operation and maintenance. The plan may provide that all or any class or category of real property which is exempt by law from real property taxation may nevertheless be included within the boundaries of the district but shall not be subject to assessment on real property.~~

~~(l) Any other item or matter required to be incorporated therein by the city council.~~

#### **§ 36623. Procedure to levy assessment**

~~(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with *Section 53753 of the Government Code*.~~

~~(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with *Section 54954.6 of the Government Code*, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.~~

~~(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.~~

#### **~~§ 36624. Changes to proposed assessments~~**

~~At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements or activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.~~

#### **~~§ 36625. Resolution of formation~~**

~~(a) If the city council, following the public hearing, decides to establish the proposed property and business improvement district, the city council shall adopt a resolution of formation that shall contain all of the following:~~

~~(1) A brief description of the proposed activities and improvements, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement about whether bonds will be issued, and a description of the exterior boundaries of the proposed district. The descriptions and statements do~~

not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements and activities and the location and extent of the proposed district.

~~(2) The number, date of adoption, and title of the resolution of intention.~~

~~(3) The time and place where the public hearing was held concerning the establishment of the district.~~

~~(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.~~

~~(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.~~

~~(6) A statement that the improvements and activities to be provided in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district.~~

~~(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements and activities funded by the assessments proposed to be levied.~~

~~(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.~~

#### **~~§ 36626. Resolution establishing district~~**

~~If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in paragraphs (1) to (8), inclusive, of subdivision (b) of Section 36625, but need not contain information about the preliminary resolution if none has been adopted.~~

#### **~~§ 36626.5. [Section repealed 1999.]~~**

#### **~~§ 36626.6. [Section repealed 1999.]~~**

#### **~~§ 36626.7. [Section repealed 1999.]~~**

#### **~~§ 36627. Notice and assessment diagram~~**

~~Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk of the city shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.~~

#### **~~§ 36628. Establishment of separate benefit zones within district; Categories of businesses~~**

~~The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be~~

levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

#### **~~§ 36628.5. Assessments on businesses or property owners~~**

~~The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements and activities.~~

#### **~~§ 36629. Provisions and procedures applicable to benefit zones and business categories~~**

~~All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.~~

#### **~~§ 36630. Expiration of district; Creation of new district~~**

~~If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and a new district established pursuant to this part.~~

#### **~~§ 36631. Time and manner of collection of assessments; Delinquent payments~~**

~~The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part shall be charged interest and penalties.~~

#### **~~§ 36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property~~**

~~(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.~~

~~(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.~~

~~(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.~~

**~~§ 36633. Time for contesting validity of assessment~~**

~~The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.~~

**~~§ 36634. Service contracts authorized to establish levels of city services~~**

~~The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.~~

**~~§ 36635. Request to modify management district plan~~**

~~The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.~~

**~~§ 36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention; Modification of improvements and activities by adoption of resolution after public hearing~~**

~~(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public meetings and public hearings pursuant to this section shall comply with both of the following:~~

~~(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public meeting.~~

~~(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public meeting, to each business owner or property owner affected by the proposed modification.~~

~~(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.~~

**~~§ 36637. Reflection of modification in notices recorded and maps~~**

~~Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.~~

**~~§ 36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments~~**

~~(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to~~

that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with *Section 6584*) of *Chapter 5 of Division 7 of Title 4 of the Government Code*). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.

(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.

(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

~~§ 36641. [Section repealed 2001.]~~

~~§ 36642. [Section repealed 2001.]~~

~~§ 36643. [Section repealed 2001.]~~

~~§ 36650. Report by owners' association; Approval or modification by city council~~

~~(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.~~

~~(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:~~

~~(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.~~

~~(2) The improvements and activities to be provided for that fiscal year.~~

~~(3) An estimate of the cost of providing the improvements and the activities for that fiscal year.~~

~~(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.~~

~~(5) The amount of any surplus or deficit revenues to be carried over from a previous fiscal year.~~

~~(6) The amount of any contributions to be made from sources other than assessments levied pursuant to this part.~~

~~(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.~~

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

**~~§ 36651. Designation of owners' association to provide improvements and activities~~**

The management district plan may, but is not required to, state that an owners' association will provide the improvements or activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

**~~§ 36660. Renewal of district; Transfer or refund of remaining revenues; District term limit~~**

~~(a) Any district previously established whose term has expired, may be renewed by following the procedures for establishment as provided in this chapter.~~

~~(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.~~

~~(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.~~

**~~§ 36670. Circumstances permitting disestablishment of district; Procedure~~**

~~(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:~~

~~(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.~~

~~(2) During the operation of the district, there shall be a 30-day period each year in which assessee may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the area who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.~~

~~(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business~~

improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

**~~§ 36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district~~**

~~(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.~~

~~(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.~~
